

Fill this out for every lab you attend. Use this to help you complete a formal lab report which will be assigned by your Advisory Teacher.

Title of Lab:	
Question(s) I want to answer/Problem(s) I want to solve (generate at least one question or problem prior to lab):	
What types of observations will I be making? and/or What is my hypothesis? and/or What are my goals for this lab?	
Introductory Notes:	
Materials List:	Safety Precautions:

<p>Procedure (step-by-step numerical list):</p>	<p>Observations (include unexpected observations):</p>
<p>Data Table(s):</p>	
<p>Graph(s) and/or Chart(s) and/or Diagram(s):</p>	
<p>Conclusions (What did I learn? What did I observe? Was my hypothesis supported or not supported? Why?):</p>
